

# Quarterly Report

Q4 2025 - Synthetic sample for document parsing

## Executive Summary

This report is intentionally synthetic. It includes headings, paragraphs, a table, a simple chart, and a second page with more content to exercise PDF parsers.

## Key Metrics (Bar Chart)

## Appendix A - Narrative

Lorem ipsum is avoided here; instead, this appendix uses readable filler with line wraps and numbered lists to test text extraction order.

### Checklist

1. Confirm headings are detected.
2. Confirm table rows are extracted in order.
3. Confirm page breaks are preserved.
4. Confirm numbers and currency formatting survive parsing.

#### Parser note

This box is a filled rectangle behind text (common in reports).
